Definition. Folk psychology explains human behavior on the basis of mental states, including beliefs, desires, and intentions. Mental mechanisms, including intention, explain behavior in that individuals are seen as actors who have desires and who attempt to achieve goals that are directed by beliefs. Thus, an intentional action is a function to accomplish a desired goal and is based on the ...

General-purpose application software is software used to perform a broad variety of tasks and is useful to nearly all computer users, such as word processing, graphics editing and spreadsheet applications. In contrast, other types of software applications are used to perform specific tasks, such as accounting or contact management, or they are ...

What Is General-Purpose Application Software?

This is the second in a series on classical rhetoric. In this post, we lay the foundation of our study of rhetoric by taking a look at its history. While this post is in no way a comprehensive history of rhetoric, it should give you enough background information to understand the context of the principles we'll be discussing over the next few months.

Classical Rhetoric: A Brief History | The Art of Manliness

The term "racial discrimination" shall mean any distinction, exclusion, restriction, or preference based on race, colour, descent, or national or ethnic origin that has the purpose or effect of nullifying or impairing the recognition, enjoyment or exercise, on an equal footing, of human rights and fundamental freedoms in the political, economic ...
