Directions in Sociolinguistics: Ethnography of Communications

Abstract. The ethnography of communication is an approach to language research which has its origin in the development of a view in anthropology that culture to a large extent is expressed through language and of the view in linguistics that language is a system of cultural behaviors (Hymes, 1974; Geertz, 1973; Hymes, 1968).

Dell Hathaway Hymes (June 7, 1927 in Portland, Oregon - November 13, 2009 in Charlottesville, Virginia) was a linguist, sociolinguist, anthropologist, and folklorist who established disciplinary foundations for the comparative, ethnographic study of language use. His research focused upon the languages of the Pacific Northwest.He was one of the first to call the fourth subfield of ...

Dell Hymes - Wikipedia

Language Policy in Business: Discourse, ideology and practice provides a critical sociolinguistic and discursive understanding of language policy in a minority language context, focusing on Welsh-English bilingualism in private sector businesses in Wales.

Language Policy in Business: Discourse, ideology and ...

Product Information. The Ethnography of Communication explores how and why language is used, and how its use varies in different cultures. In this now standard introduction to the subject, Muriel Saville-Troike presents the essential terms and concepts introduced and developed by Dell Hymes and others, and surveys the most important findings and applications of their work.
