Rage On The Right The

Rage on the Right explores militia activity and ideology throughout the last decade from Ruby Ridge to Waco to the Oklahoma City bombing. Author Lane Crothers uses social movement theory to illuminate why militia members are enraged by U.S. governmental policies and why their rage is unlikely to coalesce into a large political movement.

Amazon.com: Rage on the Right: The American Militia ...

Rage on the Right explores militia activity and ideology. The image of the militia as ordinary people coming together in times of crisis to help their fellow citizens is deeply embedded in American society and culture. Recent claimants to the militia title have adopted this image even as they have promoted a radically anti-government, populist conservative political agenda.

America ignited an explosion of new extremist groups and activism across the nation. Hate groups stayed at record levels — almost 1,000 — despite the total collapse of the second largest neo-Nazi group in America. Furious anti-immigrant vigilante groups soared by nearly 80%, adding some 136 new groups during 2009.
