The main themes of *Send* are forgiveness and the dangers of technology, but I think counts as a sub-theme of sorts. Regret plays a part in the story, too. Patty Blount manages to make the themes jump out without trying to force a moral down your throat, which I really love.

### **Send by Patty Blount - Books on Google Play**

Patty Blount's novel *Send* is a poignant story. I don't think I can pick a better word to describe this story, unless you count "bittersweet." This story does not end in a neat bow, nor does it have a ridiculously happy or sad ending. *Send* is about the how every action has an equal and opposite reaction.
