The Bombers And Bombed Allied

The Bombers and the Bombed: Allied Air War Over Europe 1940-1945 is a very fascinating account of the concerted Allied air attacks over Europe during the World War II. The author Richard Overy, who is the author of The Twilight Years, discusses in detail the massive air raids pointing out that it amounted to bombing friends and enemies alike, questioning if its objective was met.

The Bombers and the Bombed: Allied Air War Over Europe ...

In a chapter titled Bombers and Bombing, Why the Allies Won heralds the Allied bombing effort as "...one of the decisive elements in the Allied victory" (133). In Bombers and the Bombed, Overy argues that "Bombing in Europe was never a war-winning strategy" (xi).

The Bombers and The Bombed: Allied Air War over Europe ...

The ultimate history of the Allied bombing campaigns in World War II Technology shapes the nature of all wars, and the Second World War hinged on a most unpredictable weapon: the bomb. Day and night, Britain and the United States unleashed massive fleets of bombers to kill and terrorize occupied Europe, destroying its cities. The grisly consequences call into question how "moral" a war the ...

The Bombers and the Bombed: Allied Air War Over Europe ...

The Bombers and the Bombed radically overhauls our understanding of World War II. It pairs the story of the civilian front line in the Allied air war alongside the political context that shaped their strategic bombing campaigns, examining the responses to bombing and being bombed with renewed clarity.

The Bombers and the Bombed: Allied Air War Over Europe ...

Allied bombers attacked German oil stocks in France and the Low Countries during the invasion of 1944 but also bombed oil production targets in the distant regions of occupied eastern Europe. The Normandy campaign saw strategic bombers used for what were evidently tactical targets.
